Dear Dean Prof. Arteaga,

On behalf of ECOVE, who met on 27 May 2026, I herewith inform you of the evaluation result based on the ESEVT Full Visitation to your VEE on 1 – 5 December 2025.

The Committee concluded that no Major Deficiencies had been identified.
The Committee further concluded that seven Minor Deficiencies had been identified.

In accordance with the European System of Evaluation of Veterinary Training (ESEVT) and based on the educational requirements of the Directive 2005/36/EC as amended by Directive 2013/55/EU,

the status of the VEE of the University of Las Palmas de Gran Canaria is
ACCREDITATION

In line with the ESEVT SOP 2023, under which the visitation was completed, the status will be valid for seven years from the date of the visitation, i.e. until the end of December 2032.

In line with our agreement, please publish the SER and the Final Visitation Report on your website.

With respect to the seven Minor Deficiencies (described in detail in the Visitation Report), following the adoption of the SOP 2023 on 8 June 2023, the VEE is required to submit to the EAEVE Office a brief Interim Report (IR) in December 2026. This IR should focus solely on the progress in the correction of the Minor Deficiency.
